

Spring fever, which makes us want to go fishing on warm afternoons, is easily preventable, we are told. But it's strange how few of us want to prevent the epidemic—!

THE ADA EVENING NEWS

All the News While It Is News

VOLUME XIX. Number 2

ADA OKLAHOMA, THURSDAY, MARCH 23, 1922.

FIVE CENTS THE COPY

NEWS SNATCHED FROM ETHER BY CITY WIRELESS

First Complete Set Here Tunes in on Reading of Denver Station.

HEARS DETROIT MUSIC

Soloists and Orchestra Give Programs and Uncle Josh Talks.

Receipt in Ada last night by wireless of detailed news reports, latest market quotations, weather prediction, vocal and instrumental solos and even orchestra concerts from the big sending stations over the country marked the introduction here of a new era of communication.

It also ushered in what Ada of 20 years ago would have called the millennium—that development of science which allows the tired business man to sit down at his instrument, calmly adjust his set and hear the entire world gossip to this hearth's content.

Thousands of messages, sad, joyful, serious, frivolous, official and unofficial—flying through the air over the city almost constantly, have been intercepted here successfully for the first time.

It happened last night at the home of Fred Ford, Twentieth and Townsend.

Shortly after 7 o'clock Ford sat down at his De Forest set which he installed last Sunday and with which he has been experimenting since, patiently adjusted and readjusted condensers. He was rewarded first by the rasping sounds of static electricity but finally "picked up" an operator at Denver signalling in a clear voice to other stations with a "Hello, how's that? Can you hear any better. One-two-three-four-five." And then he returned and Ford lost the connection.

Denver Station Heard.

After 9 o'clock Denver opened up with her news reports, broadcasting one after another the principal events of the day. First it was a Washington item, declaring it to be the opinion of one senator that "President Harding is not now and never has been in favor of any form of adjusted compensation for war veterans." Then there was a story predicting ratification of the Four-Power Pacific treaty framed at the Disarmament conference. A Klamazoo, Mich., story told of John Duval Dodge's being found not guilty on a charge of transporting intoxicating liquor. Oklahoma scored a story on Governor Robertson and Fred Dennis, former bank commissioner, being indicted in connection with the Okmulgee investigation.

Several minutes of the news reading were given over to weather reports, taking the western states and giving each its individual forecast in clear tones. Complete market and financial news followed. Foreign exchange was reported irregular, with call money strong. Stock receipts were given in detail.

At 10 o'clock, Detroit, Mich., broke into the ether with a concert featuring a variety of selections. At the end of this "Uncle Josh" gave a humorous soliloquy, his hearty laugh ringing out at intervals as distinctly as it does on the modern phonograph.

When he has received some new coils and headpieces, Mr. Ford expects to have the most complete and satisfactory wireless receiving outfit, both in telegraphy and telephony, in this part of the country.

W. C. T. U. Organizes Negro Branch With Many New Members

A Napier W. C. T. U. chapter for colored people was organized at the negro school yesterday afternoon by Mrs. Cora McKeel and Mrs. T. E. Brents. This is the first organization of its kind here and much enthusiasm was manifested by the new members.

Officers were elected and plans for the union were outlined by the ladies doing the organization work. Mrs. Bessie Perham was elected president, Mrs. C. W. Wilson was elected vice-president; Mrs. Willie Gray was elected secretary and Mrs. Willie Polly was elected treasurer.

Other members are: Mesdames Joe Travina, Lizzie Anderson, Bettie George, Mary Price, Genevieve Johnson, Rosella Anderson, Willie Anderson, Phyllis Johnson, Clemmie Sprivey, Carrie Wright, Matilda Craven, Lena Sims, T. H. Mundine, Laura Wren, Edna Cannon, Alice Barnett, Effie Brown, Lula Brown, E. M. Anderson, Arilla Williams and Elmira Dumas.

Mrs. G. D. Koonce of 320 East Fourteenth street, is reported suffering from an attack of influenza.

MARY GARDEN KISSED BY PORTLAND MAYOR

PORTLAND, Ore., Mar. 23.—Mary Garden, here at the head of the Chicago Grand Opera company, says Portland is the first city to which she has ever been welcomed with kisses from both governor and mayor. Thousands met her at the station. When Miss Garden appeared, Mayor George E. Baker rushed forward and kissed her. Governor Ben Norcott, who was next in line, looked a little doubtful.

"Go ahead governor, you're next," yelled the crowd and the governor did his duty as he saw fit.

Miss Garden burst into tears but hastened to explain they were tears of joy.

GRAFTERS FEAST ON INJURED VET.

Fraudulent Companies Get Fat Profits, Promising to Get Compensation.

(By the Associated Press) WASHINGTON, March 23.—Postal department inspectors have had their attention called to many cases of agencies throughout the country advertising that they were able to obtain immediate action on claims by disabled veterans pending before the veterans bureau, it became known today. Many of the agencies, it was said, maintained elaborate offices and advertised that within a short period after receiving a remittance of from \$10 to \$50 dollars, they would secure favorable action in the settlement of any pending claim.

The post office department plans to conduct an investigation into the operations of such concerns, it was said, with the view to determine if orders should be issued against such agencies operating under those claims. Officials intimated that possibly thousands of veterans or members of their families had paid money into the hands of irresponsible and dishonest agencies, amounting to large sums.

All "mushroom" institutions which are found to be preying on men or those depending on them would be prosecuted as soon as sufficient evidence is collected, it was explained.

COAL STRIKE WILL BE PROSECUTED TO EXTREME

(By the Associated Press) NEW YORK, March 23.—The nationwide strike of anthracite and bituminous coal workers, set for April 1, will be prosecuted "with the full and most effective co-operation of the American Federation of Labor," it was announced here today, after a visit to mine officers of envoys of Samuel Gompers, president of the American Federation of Labor.

EGYPT BOYS ARRAIGNED ON CHARGE OF LARCENY

Ike Roper, who gave his age as 17, and Orval Allen, 15, of the Egypt community, were arraigned this morning before Justice of the Peace H. J. Brown on a charge of grand larceny. Allen, because of his youthfulness was turned over for juvenile hearing in the county court. Roper's preliminary before Justice Brown was scheduled for March 29.

The boys are charged with stealing some automobile tools and a grip containing ladies clothing valued at \$75 from a car at Egypt schoolhouse recently.

KLANSMEN VISIT CHURCH REVIVAL

25 Ku Klux Appear Last Night After Rev. Vawter Gives Endorsement.

Twenty-five members of the Ku Klux Klan, fully robed, made their appearance at the Christian church last night and played a silent part in the revival meetings which are nearing a close this week. About 8 o'clock, in the middle of the usual song service, the leader appeared at the door, stopped briefly until the other Klansmen were immediately behind him, and then marched down the central aisle of the church. As the procession passed in front of the altar, the leader handed Rev. C. R. L. Vawter a \$10 bill and the following message.

"Rev. Vawter and Members of the Vawter Party:

"Greetings: The Knights of the Ku Klux Klan extend to you and all others connected with the revival meeting, their heartiest good will. We recognize the importance of your work in this community and wish you every success. Your ideals and ours—clean living, pure homes, and good government in every respect—are the same. May your work in Ada ripen into a divine fruition.

"Ada Klan No. 27, "Knights of the Ku Klux Klan."

Solo Stopped.

Rev. H. M. Woods, pastor of the church, had just started a solo when the Klansmen appeared but stopped the song until the last hooded figure passed through the rear door of the church. It was reported that the white robed men were first noticed approaching the church in double file from the south.

Prolonged cheering greeted the Klansmen's appearance.

"This is the first time the Klan has paid me a visit in my meetings and I am gratified," Rev. Vawter said this morning. The evangelist said he was convinced the demonstration came as a result of a sermon several nights ago in which he unqualifiedly endorsed the K. K. K. A question bitterly playing the organization was placed in the question box at the church, Rev. Vawter said, and in it the evangelist was asked if he did not oppose an order members of which "hid behind masks and concealed their identity."

"No, I do not oppose that organization," Vawter answered. He then challenged the writer of the unsigned note to stand. Nobody stood.

Firemen Are Unable To Reach Scene of Fire Outside of City

A house burning just south of the city attracted attention early last night and an alarm was turned in to the fire department. Two trucks were sent out but when they arrived at the end of Rennie avenue and saw the location of the blaze, they were ordered back to the station. Due to the fact that the fire was outside the city limits, firemen were unable to do anything.

The men were also called out last Tuesday afternoon to 720 West street, where the paper was burned off the wall of one room. The fire was gaining headway when the men arrived, and after some quick work the blaze was extinguished. Little damage was done. The property was owned by Roan Morrow.

John Blanford who has been studying law at Cumberland University, Lebanon, Tenn., has returned to Ada and expects to take the state bar examination in June with the purpose of practicing in Ada.

The News Want Ads set results.

DODGE'S SON GETS "FIVE DAYS" FOR AUTO ESCAPE

Miss Emeline Kwakerbeck, upper, who made charges against John Duval Dodge, son of the late John F. Dodge, millionaire auto manufacturer, lower.

John Duval Dodge, son of the late Detroit automobile manufacturer, John F. Dodge, is serving a five-day sentence in the Detroit house of correction for speeding. Dodge also faces charges of driving while intoxicated and transporting liquor as a result of a joy ride in which Miss Emeline Kwakerbeck leaped from his car. She is suffering from a fractured skull.

CITY TO REMAIN OUTSIDE LEAGUE

Fans Decide City Is Unable to Support Professional Baseball Squad.

Financial difficulties have again kept Ada from entering organized baseball.

This was the verdict of a meeting of more than fifty baseball fans at the Elks Club rooms last night. The most enthusiastic meeting ever held by baseball fans here was the result of the call issued Tuesday.

The proposition before the meeting was whether Ada baseball fans were financially able to support a league ball team. If they had decided in the affirmative it was to be decided whether the team would enter the Oklahoma State League, being organized at Chickasha. This league was to have been composed of Chickasha, Duncan, El Reno, Guthrie and Shawnee, with Ada forming the southeast corner of the league.

Prospects for a good amateur team are better than they have ever been, it was found on investigation, but they had not yet grown enough to warrant a professional squad. The town team won state amateur championship last season and fans expect to have it this year. Fans are now hopeful of getting in one of the several leagues next year. Three offers were made to the fans here already to enter a league.

M'NIDER TO TOUR OKLAHOMA APR. 3

Legion Post Commanders of State to See National Leader at Capital.

(By the Associated Press)

OKLAHOMA CITY, Mar. 23.—American Legion post commanders and adjutants throughout Oklahoma are to gather here April 3 for a joint annual meeting at which Lieut. Col. Hanford MacNider of Mason City, Ia., national commander of the legion, will be the guest of honor, according to an announcement at state headquarters of the legion here. Lieutenant Colonel MacNider is to make a 4-day tour of the state beginning April 3, and legion officers are busy arranging details of his itinerary to permit him to be a guest of as many posts in the state as possible.

The meeting here is expected to draw nearly 500 legion officers and post members. Records at the state headquarters show that there are 530 commanders and adjutants in the state. Any member of the legion from any place in the state can attend the meeting also, it was stated.

No business of signal importance is scheduled to come up at the meeting, it was said by Leon H. Brown, state adjutant. Reports on various activities of the legion and discussion of subjects for the general good of the organization are to constitute most of the program, he said.

It is not known how much of the state can be covered in Lieutenant Colonel MacNider's short tour. A query has been sent the national commander asking if he will use an airplane in traveling over Oklahoma but a reply has not been received. If he approves of the airplane method, more points can be visited, it was explained.

Lieutenant Colonel MacNider's purpose in coming to Oklahoma, it was said, is merely to make a friendly visit to the legion men of the state. No other state is included in his itinerary.

Will Visit Davis. DUNCAN, Mar. 23.—Lieut. Col. Hanford MacNider, national commander of the American Legion, in his forthcoming tour of Oklahoma will visit Duncan, home of Hughes B. Davis, state commander of the Legion, according to a statement of Commander Hughes.

Extensive preparations are being made by the local legion post and civic clubs for the entertainment of the distinguished visitor. The Rotary club is to have a luncheon part in the program as Lieutenant Colonel MacNider is a member of the Rotary club in his home city, Mason City, Ia. Mr. Davis said he would probably be here April 4.

Bumper Fruit Crop Is Now Forecast By Weather Bureau

WASHINGTON, March 23.—The outlook for what farmers call "a good fruit year" is promised in most parts of the United States, according to reports made today by the weather bureau. Although fruit is not out of danger from freezing in the north half of the country, the general belief is that no dangerous weather is likely to visit that territory and that American people can look forward to fruit in abundance.

Some harm was done to the fruit trees in western lake regions by the recent storms on March 15, but with favorable weather trees are coming into bloom up to the border of North Carolina and central portions of Arkansas and Oklahoma, the report shows. Citrus fruit trees continue to do splendidly in Florida.

OIL WORKERS KILLED AS TRUCK OVERTURNS

SAPULPA, Mar. 23.—Edward R. Voorhees, 40, manager of a local oil field trucking company, and Burlington E. Gunkel, 30, a truck driver were instantly killed at the western edge of the city at 10 o'clock last night when a truck in which they were riding left the highway and plunged down a 14-foot embankment.

The men were returning to Sapulpa after having completed a rig moving job west of the city. As the truck crossed the railroad track at the west limits of Sapulpa, it went off the road.

Voorhees, probably the best known oil field trucking contractor in Creek county, sustained a broken neck.

DEMOCRATS FIGHT G.O.P. GAG RULE

Minority Makes War Upon Republican Plan for Soldier Bonus.

(By the Associated Press)

WASHINGTON, Mar. 23.—A sharp fight against what they characterized as "gag rule" was launched today in the house by democratic leaders after the majority presented their proposition for passage of the \$4,000,000,000 soldier bonus bill before adjourning under a suspension of the rules.

When Chairman Campbell of the rules committee submitted a resolution to make this suspension day, Representative Garrett, of Tennessee, the democratic leader, raised a point of order, declaring that it was "the avowed and sole purpose" of the republican leaders to put the bill through in such fashion as to prevent the offering of a motion to recommit and charged that this was in violation of the rules of the house. There was a hot discussion on the point of order.

By unanimous agreement the house met an hour earlier today than usual. When Speaker Gillett's gavel fell there was a large attendance of members and the galleries were filled.

Speaker Gillett overruled Mr. Garrett's point of order after bringing to an end a sharp wrangling between leaders of both sides.

Representative Garner of Texas, ranking democrat on the ways and means committee, interrupted the rules committee chairman to ask that he state whether or not it was the purpose of the majority to present the motion offered to recommit. Mr. Campbell replied that he would not engage in "the sort of quibbling" resorted to by the democrats.

"Well then, be honest enough to tell the house the truth about the matter," Mr. Garner retorted.

WASHINGTON, March 23.—Passage of the four billion dollar soldier bonus bill by the house before adjournment was made certain today with the adoption of a rules provision for the consideration of the measure under a suspension of the rules.

The vote on the resolution was 221 to 21 and was without a roll call. Previously the house had adopted a motion for the settlement of the dispute by a roll call vote of 276 to 126.

OKLAHOMA WEATHER.

Unsettled tonight and Friday, colder in north and west portions tonight, colder Friday.

Fish has always been a principal export of Norway.

MISSING DENNIS NOW SOUGHT FOR ARREST IN CASE

Former Commissioner Has Been Absent Since His Resignation.

ROBERTSON IS BACK

State Executive Makes His Bond and Returns To Office Thursday.

(By the Associated Press)

OKLAHOMA CITY, March 23.—Other than to emphasize his demands for an early trial, Governor Robertson would make no comment today on his indictment by the district court grand jury at Okmulgee, charging that he had accepted jointly with Fred Dennis, former state bank commissioner a bribe of \$25,000 in 1920, to permit the Guaranty State Bank of Okmulgee to continue to do business after it had been found insolvent. The governor returned to his office at the capital today after a hurried trip taken yesterday to Okmulgee where he surrendered to arrest early last night and made bond of \$5,000.

That the charges against the governor were "trumped up" was the opinion of J. D. Lydick, who, with Judge C. B. Stuart, will represent the governor. A copy of the indictment was received this morning and the governor went into conference with his attorneys. Lydick said a more detailed statement might be made after the indictment had been more closely studied.

"The governor from the very start has done everything in his power to clear the matter," said Lydick. "He tried his best to go before the grand jury and give it facts that it should have known. This was denied and we shall insist upon as early a trial as possible that the public may know the truth concerning the matter."

Judge Stuart had no statement to make.

OKLAHOMA CITY, March 23.—Governor Robertson and Col. H. B. Markham, of the Oklahoma National Guard, returned here early today from Okmulgee where they went late yesterday to permit the governor to perfect an appearance bond following his indictment by the district court grand jury there.

Several of the men indicted, bank officials and former bank officials, were arrested yesterday and released on bond, in connection with the failure of banks in Okmulgee county. Three warrants remained to be served today, on bank violation indictments returned by the grand jury. Two of them are said to be for Okmulgee men and the other was understood to be in connection with the failure of the State Bank at Preston in Okmulgee county.

Besides those arrested yesterday, a warrant is held for Fred Dennis, former state bank commissioner, jointly indicted with Governor Robertson. Dennis is charged in the indictment with having shared the \$25,000 bribe said to have been paid to the governor in return for \$150,000 deposit of state funds in the insolvent Bank of Commerce. Dennis has been missing from Oklahoma City since he resigned several months ago. A search will be instituted for him.

Call Criminal Term.

OKMULGEE, Mar. 23.—A criminal term of court will be called here soon, probably within three or four weeks, especially for the trial of Governor Robertson, charged with accepting a bribe, a number of prominent local business men and bankers who were arrested yesterday on indictments returned by the district court grand jury after an investigation into state banking affairs in the county, precipitated by the failure of the Bank of Commerce here last November.

This announcement was made here today by District Judge Mark L. Bozarth, who returned to the bench this morning after a special sitting at Sapulpa.

Shortly before noon today George A. Simons, chairman of the board of directors of the defunct bank, was arrested on charges of accepting deposits in an insolvent bank in four cases and making false reports of the condition of the bank. He immediately made bond and was released. The arrest was made upon the return of Simons to the city early today.

Simons was indicted jointly with J. Ray Brown, president of the bank, E. G. Ray, its cashier, and another officer, who is yet to be arrested.

Venue Under Water.

(By the Associated Press)

LONDON, March 23.—A Central News dispatch from Venice says that a tidal wave late last night inundated the city, the water rising to a depth of more than three feet in some of the public squares.

Circus Beasts Have Reason for Everything

"Honest Bill" Tells Difference in Crocodile and Alligator and Why a Lion "Fasts" on the Seventh Day; Interesting Study

Do you know the difference between an alligator and crocodile; the age an elephant attains; that a lion in captivity must be fed six days and starved one; that all animals for some reason are drawn to the lion by the sound of his roar; that very few specimens of the black leopard family are to be found; that animals live in climates where the foliage has a likeness to their color; that hyenas are the most ferocious of beasts and that an elephant can out run a race horse? Or do you know that a bear never hibernates; that the hump in a camel's back is where he stores his food and that he has five stomachs in which he stores water; that the zebra is the oldest strain of the ass, and although he has little sense, is the most beautiful animal known; that the bald eagle does not become bald until it is two years old?

These are just a few of the things that can be picked up around the Honest Bill show grounds. A

crew of fifty men are working daily preparing the great Honest Bill and Lucky Bill shows for the opening appearance here next week on their first lap of the summer tour.

There is perhaps not another man in the state who understands animals as does William (Honest Bill) Newton, owner of the shows which are preparing to break winter quarters at the county fair grounds. His knowledge of all beasts of the jungle is like that of a child who has a story book. He can tell his stories of animals, which he has found to be true by long association with circus life, in a manner that makes it so interesting that anybody will listen.

Crocodiles Ferocious.

In taking up a discussion of animals at the camping ground recently Mr. Newton began by telling the difference in an alligator and a crocodile. To a casual observer the two would be merely two of a species of the snake family. But to a man who studies animals it is apparent that the upper jaw of an alligator

works on a hinge, while his lower jaw is solid. The crocodile can work both jaws. When counting the knots on the back of a crocodile, it will be found that they are more conspicuous and numerous than those on an alligator. Crocodiles are more ferocious and will respond to a fight much quicker.

It seems unbelievable that an elephant could catch a race horse. After watching the big clumsy appearing mammals rock to and fro at the end of their chains at the fair grounds, and then see them with speedy race horses prancing about in the big grazing arena, it is hard to credit such a statement—until it is all explained.

Mr. Newton said that while a race horse would put forth his best efforts in a mile race, it would take an elephant that long to get limbered up and ready for a real run. Then, without much exertion, the powerful animal could swing along the trail, gradually wearing down the horse. Taking 15 to 20 feet

at a step is not unusual for an elephant while in his native habitat. In captivity Mr. Newton said that the elephant was capable of walking about 7 or 8 miles an hour and that he could run 20 miles an hour for an indefinite time.

Elephant Grown at 50. An elephant is generally about 50 years of age before he is "grown." Then he does not reach old age until he is about 275 years of age. Some elephants have been known to live 400 years. The one sickness an elephant is subject to is pneumonia, from which he never recovers.

It takes a lion from six to seven years to mature. They live from 40 to 50 years. In feeding the lions at the fair grounds here the keepers are instructed to feed them six days, but on the seventh the stomach needs rest and no meat is given. In his native habitat the lion merits his name as "king of beasts" by the fearless manner in which he conducts himself. None of the sneaking about the brush is his. When

fighting he does not slump around but comes out into the open and charges his enemy, whether it be an elephant or a deer.

When a lion becomes hungry he does not wear his paws off hunting for beasts to pounce upon. Instead he exercises his power as a king, marches proudly to a body of water and with his mouth held close over the surface of the water sends out roar after roar. One of the peculiarities of nature is that every beast of the jungle, near enough to hear this roar, will immediately set out to find its source. When an animal, drawn by the sound, comes near enough, the lion pounces upon him and feasts. His favorite time for "pulling" this stunt is at night.

Leopard Accurate.

A leopard can jump 15 feet as easily as a person could take a step. He generally takes such a jump while lying flat in the grass. And, when a leopard decides to jump, he never misses what he is jumping at.

BIBLE THOUGHT OF TODAY

LIFE AND GOOD DAYS:—He that will love life, and see good days, let him refrain his tongue from evil, and his lips that they speak no guile.—1 Peter 3:10.

FARM PRODUCTS NEEDED.

Indications are that American farm products will be badly needed in foreign countries this year and next. The cotton crop last year was the shortest in a quarter of a century and there ought to be a good demand for this exclusively Southern crop. The outlook for wheat is good, a crop to which a great part of Oklahoma looks for prosperity. In speaking of the wheat situation, The Wall Street Journal says:

"Wheat for July delivery sold as low as 113 3-4 at Chicago on Tuesday. This represents a loss of almost 10 cents since the first of March. Better weather in the Southwest stimulated a bearish feeling, even if it is doubtful if the market is closely analyzing all the factors of the situation."

"Before another crop is harvested Europe needs large amounts of foodstuffs and must purchase some. Its food crops of last year were inadequate and buy it must, or go hungry. Even the European pasture and fodder crops were so badly damaged by drought that much livestock was disposed of; while the potato and other late vegetable crops were hurt. All these things mean an increased need for imported foods. The foreign buying has been careful and shrewd in order to avoid a violent upturn of prices here, but that it has been large is evidenced by the fact that in 1921 agricultural products formed over half our exports, and that wheat alone amounted to \$551,000,000."

"The Argentine crop has been cut down materially. The world has never been far ahead of its food supplies; and now Russia, one of the leading exporters of prewar days, is too busy sowing Marxian seeds to have time for planting crops. It is even buying wheat in the world markets; and if it imports what Broomhall has estimated as its need, the supply would be seriously disturbed. But even excluding Russian purchases or purchases for Russian consumption, when the crop season closes on July 31, Europe will not be likely to have any reserves of grain except what may be afloat on the ocean."

"Today, conditions in Kansas look better than some weeks ago, but there have been six months of drought there. The ground was so dry that much of last Autumn's seeding did not sprout before cold weather. One rain storm, with a precipitation of less than an inch, will not remedy that condition. Our winter wheat crop is not yet assured; there are long and dangerous weeks ahead of it. Our reserve will be negligible, and the spring wheat crop is always more uncertain than the winter. Should the United States and Canada have good wheat crops, they will be needed; if their crops fall short, the world must suffer."

Oil derricks can be seen in almost every part of Oklahoma or Texas. Starting in Kansas, one can travel to El Paso across Oklahoma and the Lone Star state and never be more than a few miles from where an oil well has been drilled, is being drilled or will be drilled in the near future. Even out in the Pecos Valley, they have considerable oil excitement, and have been having it intermittently for several years. Oil is doing much to develop the Southwest, and we hope to see more fields brought in. If the Southwest can get enough money from oil to invest in manufacturing plants, irrigation projects and drainage projects, it will go a long way towards making it by far the most desirable section of the country in which we live.

A coal strike at this time will be a calamity if it reaches proportions that will slow up production and increase the number of men idle. Now that industry is improving and unemployment is growing less, it is deplorable that a strike of the miners has to occur. Probably some day we shall out-grow strikes and other such things that keep business in turmoil and thousands of men out of work. There seems to have been little effort either on the part of the miners or the operators to avoid this clash, and we presume there is little chance for a settlement. It is said, however, that enough coal is on hand in most places to last from two to three months. Probably before this supply has been exhausted, a settlement will have been made.

It is to be hoped that Governor Robertson will be given a speedy trial. If he is guilty of the charge filed against him by the grand jury at Okmulgee, he ought to be punished as though he were only an ordinary private citizen. And if he is innocent, this innocence ought to be established without delay, in order that his name may be cleared before the world and Oklahoma as a state relieved of any additional embarrassing publicity.

Dreaming may be all right but it never gets a man anywhere unless he makes a reality of his vision. A dream may be worth millions if a man so wills it.

Oratory sometimes conceals a multitude of facts or dresses them up in such a fashion that their best friends are unable to recognize them.

The Evening News

Common Honesty in Marriage

(McAlester News-Capital)
Judge Thomas F. Graham for more than twenty years has presided over a divorce court at San Francisco. His aphorisms on marriage and divorce should therefore carry more weight than the observations of inexperienced men.

Common honesty, says Judge Graham, is a cure for the present divorce evil. Often a young man who earns \$150 a month leads the girl he is to wed to believe that he makes more. This we believe is the result of four-flushing at an early stage of the matrimonial game.

Few young men give their first attention to a girl with marriage in their minds. They merely want to have a good time and hope to make a good impression. That is the foundation of the four-flushing idea. When more serious thought intrudes it is difficult to correct the impression, that often by nothing more than implication, has been conveyed.

We believe the woman is often at fault for forming extravagant estimates of the young man. Possibly she is something of a four-flusher also. We have in mind the case of a young woman who married a man without telling him she was in debt. She labored under the impression that he was wealthy. After marriage she found her estimate of his financial standing incorrect. He was sued for her debts and forced to pay.

Overcoming the early courtship tendency to display evidence of having more than we possess will help toward a basis of what Judge Graham calls "common honesty."

Practice Self-Control

(Fort Worth Record)
The habit of self-control is as easy to acquire as the habit of losing one's control, yet the percentage of those who have mastered the art is very small in comparison with those who have not. It does not always accompany success in the material way of life, for many successful business men are given to what appears to be uncontrollable fits of temper, and so many successful business men habitually show ill temper that it has come to be regarded as quite the usual thing for the "boss" to be cross and very unusual for him to smile.

Among the successful men who possess self-control in marked degree is John D. Rockefeller. Tom Drier, writing in Forbes Magazine (N. Y.) says that during thirty years of association with Mr. Rockefeller, first as stenographer and later as financial secretary, George D. Rogers never once saw Mr. Rockefeller lose his temper.

"Undoubtedly," said Mr. Rogers. "Mr. Rockefeller had early learned that self-control was a short cut to the control of both men and events." Henry M. Flagler, on the other hand, according to Mr. Drier, used to let his temper go, and later on, just to square himself with those whose feelings he had hurt unnecessarily, he'd make them extravagant presents. Mr. Drier adds:

"The man who loses his temper is in the position of admitting to all who witness his exhibition that he is not master of himself. A loss of temper means loss of self control. No man can enjoy the luxury of losing his temper regularly and enjoy long life. Neither can such a man win the loving loyalty of his associates."

Spring Fever.

(Wichita Times)
Have you noticed your annual attack of spring fever coming on yet? Watch for the symptoms. It's a fine time to take a psychological inventory of the ego, that mysterious being that moves our bodies as the operator for a marionette show moves his puppet-actors with strings. Scientists never have been able to agree on exactly what causes spring fever.

Some say it's a lethargic drowsiness, caused by the body's eliminating poisons accumulated during the physical inaction of winter.

Help the elimination by taking

long walks, breathing deeply of the fragrant spring air, or starting a garden.

Another theory about spring fever is that it's a reaction from winter, first warm weather making us droop into the sluggishness of the tropics, home of our prehistoric ancestors.

Maybe, too, it's an inheritance from the times when the cave man, after a long and monotonous winter in his den, strolled out to bask lazily in the warm spring sunlight.

Odd thing is temperature, regulator of the amount of energy your body generates.

Hard to work at all on a hot summer day. Rainy weather, also, makes many folks sluggish and drowsy. Researches by Ellsworth Huntington, of the National Academy of Sciences, show that human efficiency goes up or down with the mercury of the thermometer.

At 60 to 65 degrees, we do our best physical and brain work, and are healthiest. That's why the temperature of a house, office or workroom never should go above 68 in winter.

Sap starts rising in the trees. Grass sprouts green. Plant life buds. Chirping birds pause on their way north. The ice goes out, fish run on the surface. The bear leaves his den. Timber wolves stop running in packs and mate.

That is spring—the sunrise of a new period of life.

The backyard gardener stirs. Farmer whistles in the fields. Golf bug smacks his lips. Fisherman goes over his tackle. Small boys swarm with marbles, baseballs, kites.

Spring is the time to take a new lease on life, to get a fresh start. Fill your lungs with fresh air and go to it.

The best thing about spring fever is that it's a prelude to another round of intense human activity. Except, of course, for the gent that has spring fever 365 days of the year.

A reinforced concrete house that is ready to be shipped within a few hours after pouring is the product of an eastern concern.

LAFAYETTE

Spiritual Medium—For a Short Time Only—\$1.00

All who are unsuccessful or unlucky, who are undetermined, dissatisfied or confronted with any difficulty, sickness or trouble whatsoever, should see this wonderful medium. Seek his advice and start right. He can and will help you. This medium is not here to impose upon the public, but to advise those who need advice, and to help those who need help. Instructions given in all phases of the occult work. Call early and avoid waiting.

Do not call through idle curiosity. His time is too valuable to be used indiscriminately.

An Honest Proposition (You to be full judge)

I do hereby solemnly agree and guarantee to MAKE NO CHARGE if I fail to call your name in full; names of your friends, enemies or rivals. I promise to tell you whether husband, wife or sweetheart is true or false. I tell you how to gain the love of the one you most desire, even though miles away. In fact I tell you every hope, fear or ambition better than you can yourself, without your telling me one word, and if you are not absolutely satisfied when the reading is over, then pay me not one penny.

Are you in love? If so, do you find the one you have bestowed your affections and trust upon, acting cool and independent? Has a rival or obstacle of any kind crept between you and your future hope, or has the demon ruin assailed the quietude of your happy home? If so, come to This Gifted Medium and find help. I will guarantee to tell you the names of your rivals; also tell you how to win your heart's desire quickly, and overcome your rivals or obstacles existing between you and your future happiness.

Win Your Heart's Desires

There is no hope so fond or wish so great that can not be gained if properly worked upon by a strong psychic.

N. B.—No person will be entitled to more than one reading at this LOW FEE, as it is a matter of advertising for a few days only; after that all readings will be at regular fee, \$5.00 to all.

Major County To

Open Program of

Bridge Building

FAIRVIEW, Mar. 23.—Major

county has caught the permanent bridge enthusiasm that is being felt throughout the state and is planning a bridge building program that contemplates the replacing of three large wooden structures with steel and concrete bridges, according to C. H. Salwaechter, county engineer. The program is expected to be completed within two or three years, Mr. Salwaechter said.

The bridges to be replaced are across the North Canadian at Selling and the Cimarron between Cleo and Arienta and at a point nine miles east of Fairview. The Selling bridge will be 600 feet long, that between Cleo and Arienta, 1,350 and the one near Fairview, 900, the engineer said.

A resolution has been passed by the board of county commissioners, authorizing the construction of the Selling and the Cleo-Arienta bridges. It is not known yet whether federal

aid will be available for the projects. No bonds have been voted, the county having made plans to finance the project from the regular levy. The bridges will be the first of permanent construction over large streams in the county.

Mr. Salwaechter said he has not made an estimate of the cost of the bridges. It added that it may be decided to construct them entirely of concrete. The Fairview bridge will be the last built, he said.

DIAMONDS SEIZED BY CUSTOM AUTHORITIES

(By the Associated Press)

NEW YORK, Mar. 23.—Diamonds, whose wholesale value was estimated at between \$85,000 and \$110,000 were seized today by customs officials. Francisco Chamie, 40, a jewelry dealer of Para, Brazil, alleged to have illegally imported the gems, was arrested while trying to dispose of them.

THE ECONOMY BAKING POWDER CALUMET

Calumet possesses the farthest-reaching baking powder economy. It is the most economical leavening agent. It saves in more ways—and makes more important savings than most other baking powders.

You save when you buy it. The price is moderate—it leaves you money over the cost of high-priced brands for purchase of other articles. Costs but little more than cheap powders—far more valuable in quality.

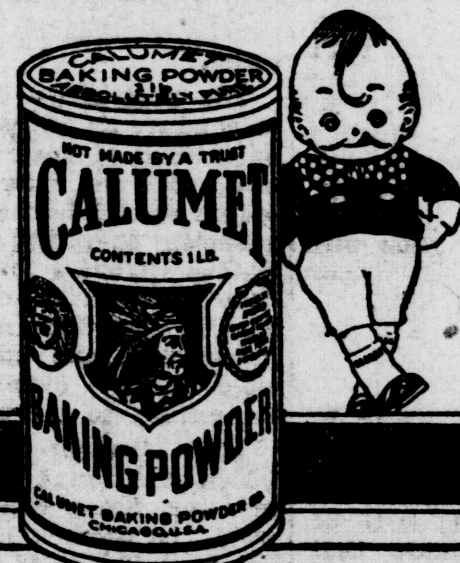

You save when you use it. Possesses more than the ordinary raising force—you use only half as much as is ordinarily required.

You save materials it is used with. Calumet never fails with any kind of recipe or with any kind of flour—always produces perfectly raised, delicious bakings.

You'll notice a great difference when you use Calumet. Calumet produces light, sweet, wholesome, flaky bakings. You will notice with some of the cheaper brands the bakings are soggy, heavy, dark in color, and sometimes have a bitter taste.

Used by leading chefs and domestic scientists, and by more housewives than any other brand. Made in the world's largest and finest baking powder plants.

Best by test. A trial proves it.

The Law Says 16 oz. to a Pound
A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

FISHER THANKS FRIENDS FOR SUPPORT GIVEN HIM

I wish to express my sincere thanks to the voters of Ada who gave me such liberal support in the race for nomination as mayor. I recognize the fact that the success of my campaign so far is due to them and not to myself. Their loyalty and faithfulness have been a source of great satisfaction to me. Now that the primaries are over I can appreciate as never before the many friends who have stood by me in all things. Especially am I grateful to the women of Ada who have given such a hearty endorsement and hope that they will continue their support in the run off. (Signed) W. H. FISHER.

INCOME TAX RETURNS INDICATE BIG SHORTAGE

(By the Associated Press)
WASHINGTON, March 23.—On the basis of reported collection of income and profit taxes of the March 15 installment, a shortage of \$200,000,000 is the estimated revenue from this source for the year 1922, was estimated today by the treasury.

Portuguese interests in Africa plan to raise cotton on 150,000 acres of land.

Local Students in Recital
Miss Kate Draper, teacher of voice, will present eight of her pupils in a recital tomorrow evening at the First Baptist church. Those appearing on the program will be Mrs. L. A. Braly, Misses Dorothy Dunbar and Lucile Harrison, Messrs. Clifton Parker, Charles Cuning, Lester Medlock, Russell Boud and Oscar Parker. In addition to solos by each of the above students, the male quartet composed of Lester Medlock, Charles Cuning, Russell Boud and Oscar Parker, will make it initial appearance before an Ada audience.

The public is cordially invited to attend this recital; all high school and normal school teachers and students are especially requested to be present; and the special friends of these students and of Miss Draper are most heartily urged to come out and see the progress that has been made during the past months of earnest study. Time 8:15 o'clock. 3-23-11

COAL MINING PROBE ASKED FOR IN NEW BILL

(By the Associated Press)
WASHINGTON, March 23.—Investigation of conditions in the coal mining industry by a special commission to be appointed by the president is called for in a bill introduced by Representative Bland, republican, Indiana.

Born last night to Mr. and Mrs. Bart Smith, seventeenth and Stockton, a girl.

IN SOCIETY

Entertain Basketeers.

An elaborate dinner was served to members of the East Central basketball team by Coach and Mrs. M. Z. Thompson at their home, 620 East Twelfth street, Tuesday evening. Place cards formed a perfect reproduction of the basketball lineup, with a picture of the coach in the center. These showed each man where he belonged in the "lineup for the evening."

At the signal each man started an offensive battle and put forth his best efforts to "demolish" the enemy. After the regular period of the game, each man assured the others that he had fought a hard game and was satisfied. The eats were highly enjoyed.

After the table had been cleared a short business session was held by the squad, at which Don Evans, short guard of the past year, was elected captain.

Those who attended this affair were Paul Warner, Sam Little, Clyde Newton, Arthur Harrison, Don Evans, Lloyd Chism, William Crawford and F. C. Snow.

Mrs. Chaney Entertains.

Mrs. W. K. Chaney entertained with bridge Wednesday afternoon from 3 to 5 o'clock in the Blue Room of the Palm Garden. Thirty-two guests were present and were seated at eight tables.

Beautiful decorations of carnations and ferns lent attractiveness to the Mezzanine floor which was already well high complete with its luxuriant art squares, blue tinted tables and chairs and multicolored finished walls. Rich blue draperies over the windows in the rear and shutting off the room in front gave exclusiveness to the place. The Blue Room floor has been hard finished and the stair case and railing leading up to the room have been freshly painted.

A two course luncheon consisting of chicken salad and ice cream was served.

HENRY KROTH IS GRATEFUL TO VOTERS

I want to take this method of thanking the voters of Ada for the splendid support they gave me in the city primary Tuesday. If my friends will continue to rally to my support, I feel there is no doubt about my being elected on a clean and high plane, and I have no word of criticism against a one of my opponents. In fact, I class them all as my friends.

Again thanking you one and all for the support and assuring you that I will give you the best administration I know how if you elect me, I am

Very truly yours,
HENRY KROTH.

RED CROSS OFFICIAL VISITS SCENE OF TRAGEDY

SULPHUR, March 23.—Henry M. Baker of St. Louis, Red Cross relief worker, is here and has about completed his survey of damage done by the tornado two weeks ago, when three persons lost their lives. He is also making arrangements for distribution of relief funds raised over the state.

A Vast Variety of Spring Shirts

That Will Please You at 1922 Prices

Our stocks of Men's Furnishings are being added to more every day. By buying very conservatively, but a wider range of patterns and styles, we are enabled to offer you many new things at the Spring 1922 prices.

\$1.25 Special

An attractive line of patterns in percales—stripes and checks in large and small figures. Spring colors predominate, as lavender, blue, and black combinations. Not a one of them but that is worth at least \$2.00.

\$1.49 and \$1.95

In this assortment we have real 80 square percales and nifty madras shirts. Detachable and attached collars and plain neckband shirts—all in the very newest patterns and colors.

\$2.45 and up

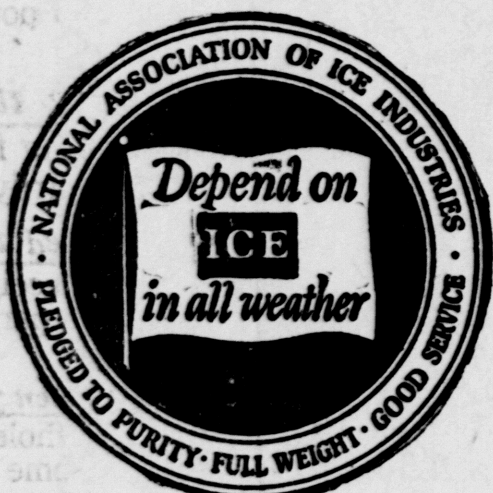

For the better grade madras an novelty clothes, some silk stripes, and the popular Russian cords, in detachable and attached collars. There are so many new Spring patterns that it will really be difficult for you to choose.

Young Men's and Men's Spring Trousers
\$3.95, \$4.95 and \$5.95

Young men's and men's all wool extra trousers for Spring wear in worsteds, cassimeres and flannels. There are tweeds in extreme and conservative effects, small Tartan checks, stripes, and plain blues and browns. Blue serges are also very conspicuous in the grouping.

2000 Ice Dealers Organize to Protect the Public

Two thousand of the most responsible ice dealers in this country have formed a nation-wide association to standardize the quality of ice, to guard against short weight, to bring all ice delivery service up to the highest standard. They realize that the effective way to improve and build up the ice business is to see to it that all members give a high-grade service to the public.

The Emblem Is Your Protection

When you see it on a wagon, it means that the dealer is a member in good standing of the National Association of Ice Industries, whose members are pledged to give you

Pure Ice, Full Weight, Good Service

The standards of the Association require that ice be made from pure water, in a sanitary plant, or cut from ice fields of unquestioned quality.

That its members take every reasonable precaution to insure to customers full weight.

That they employ drivers who are honest, courteous and careful.

You, as an ice user, can help this Association maintain the ice business on a high level of service. Dealers who display the Association emblem on their wagons are responsible business men with invested capital, permanently located in your community. They serve you the year around.

The National Association of Ice Industries is distinctly a service organization which seeks in a scientific and practical way to improve the quality of ice, to help the consumer make better and more economical use of ice in the household, to increase the efficiency of ice boxes, to insure full weight and to protect the consumer against unreliable service. Co-operation by the ice consuming public will result in its getting first-class ice service at a fair price.

MRS. LULA VANN FULTON, ARK.

Suggests to Suffering Women the Road to Health

Fulton, Arkansas.—"I used Lydia E. Pinkham's Vegetable Compound for a soreness in my side. I would suffer so badly every month from my waist down that I could not be on my feet half the time. I was not able to do my work without help. I saw your Vegetable Compound advertised in a newspaper and gave it a fair trial. Now I am able to do my work and don't even have a headache every month. I cannot praise your Vegetable Compound enough and highly recommend it to those who have troubles like mine. I am willing for these facts to be used as a testimonial to lead all who suffer with female troubles, as I did, to the right road to health."—Mrs. LULA VANN, Box 43, Fulton, Arkansas.

It is this sort of praise of Lydia E. Pinkham's Vegetable Compound, given by word of mouth and by letter, one woman to another, that should cause you to consider taking this well-known medicine, if you are troubled with such symptoms as painful periods, weak, nervous feelings, miserable pains in your back, and cannot work at certain times.

Here is a woman who is so grateful and glad to be relieved from painful and nerve racking physical condition that she wishes to tell all sick women.

FIRE DESTROYS BUILDINGS AT PENITENTIARY

(By the Associated Press.)

HOUSTON, Tex., Mar. 23.—Several buildings within the walls of the state penitentiary at Huntsville, including the prison kitchen, chapel, library, laundry, and the chaplain's offices, were destroyed by fire at 2 o'clock this morning, the fire originating in the kitchen from an unknown cause and the loss is estimated at \$25,000. No insurance was carried.

The fire broke out in a three-story brick building adjoining the west wing of the main building in which were cells of several hundred convicts. These were released and rushed to safety in the court yard at once, afterwards they were used to fight the fire. The flames did some damage to the west wing.

The fire was spectacular while it lasted, which was nearly an hour, and the convicts fought it systematically and orderly. No attempts at escape were made nor were there any accidents during the fire.

In the prison library there were nearly 10,000 volumes of books.

In China there are said to be acqueducts dating back to prehistoric times.

Notice of Sale. In the District Court of the United States for the Eastern District of Oklahoma.

In the matter of the estate of Correll and Mundy, Bankrupt.

In Bankruptcy No. 2801.

Notice is hereby given that, pursuant to the order of the Federal Court, the undersigned will on the 29th day of March, A. D., 1922, at 11 o'clock A. M. in the town of

Stonewall, Oklahoma, offer for sale at public auction and sell to the highest bidder, for cash in hand, all of the stock of goods, fixtures, notes and accounts of said bankrupt, amounting to approximately \$12,716.44, said sale to be subject to confirmation by the Federal Court.

Dated, this the 18th day of March, A. D., 1922.

GEORGE C. FENDLETON, Trustee.

Nance-Armstrong.

Notice was received in Ada yesterday of the marriage in Ardmore of Burns Nance, of a local motor sales company, to Miss Hazel Armstrong, daughter of Mr. and Mrs. S. J. Armstrong, of 231 East Twelfth street, this city, which occurred in Ardmore. Both of the young people are well known here and will make their home here.

How Firestone Has Reduced the Cost of Tire Service

Size	Jan. 1921 Prices	Jan. 1922 Prices	Reduction
30 x 3 Fabric	\$18.75	\$ 9.85	47%
30 x 3 1/2 "	22.50	11.65	48%
30 x 3 1/2 Cord	35.75	17.50	51%
32 x 4 "	56.55	32.40	43%
33 x 4 1/2 "	67.00	42.85	36%
33 x 5 "	81.50	52.15	36%

HOW the cost of building quality tires has been brought down to the lowest level in history was explained by H. S. Firestone, President of the Company, to the stockholders at the annual meeting on December 15, 1921.

1. All inventories and commitments at or below the market.
2. Increased manufacturing efficiency and volume production reduced factory overhead 58%.
3. Selling costs reduced 38%.

Mr. Firestone stated, "This reduction in prices is made possible by our unusually advantageous buying facilities, and the enthusiasm, loyalty and determination of our 100% stockholding organization."

"Due credit must be given to Firestone dealers who are selling Firestone tires on a smaller margin of profit. This brings every Firestone saving direct to the car owner."

The saving through first cost plus the saving through high mileage doubles Firestone economy and adds daily adding new fame to the Firestone principle of service—

CERTIFICATE
STATE OF OKLAHOMA, County of Pontotoc, ss.
We, the undersigned, duly elected, qualified and acting officers of the Board of Education of the City of Ada, School District No. 19, County of Pontotoc, State of Oklahoma, do hereby certify that the statement on the reverse side hereof of the fiscal condition and Estimated Income of said School District, is true and correct; that the amounts enumerated in the statement of probable needs are reasonable; necessary in the proper conduct of the affairs of said School District; that the statement of Estimated Income from sources other than ad valorem taxation includes probable receipts, only; and, is not in excess of the actual collections from such source during the previous fiscal year.
We further certify that said statements and estimates were prepared and made at a meeting held on the first Monday in July, 1922.
MABEL BROWALL,
Clerk Board of Education

L. T. WALTERS,
President Board of Education
B. M. BOBBITT,
Treasurer Board of Education
Subscribed and sworn to before me the 21st day of March, 1922.
RIT ERWIN, County Clerk.

TO THE COUNTY EXCISE BOARD:
County of Pontotoc, State of Oklahoma:
Gentlemen:
Pursuant to the requirements of Section 2, of Chapter 226, No. 418, Laws of 1917, we submit herewith for your consideration the within and foregoing statement of the fiscal condition of the Board of Education of the City of Ada, School District No. 19, County of Pontotoc, State of Oklahoma, for the fiscal year beginning July 1st, 1921, and ending June 30, 1922, together with an itemized statement of the estimated income and probable needs of said school district for the ensuing fiscal year. Also herewith find proof of publication as required by law.
Date at Ada, this 20th day of March, 1922.
(SEAL)
L. T. WALTERS,
President Board of Education
B. M. BOBBITT,
Treasurer Board of Education
MABEL BROWALL,
Clerk, Board of Education

RESOLUTION
Whereas, the Board of Education of the City of Ada, of the State of Oklahoma, a body corporate and duly organized and existing as the corporate authority of the city school district comprising said City of Ada and the outlying territory annexed thereto, for school purposes, has determined the assessed valuation of said Board of Education for the fiscal year beginning July 1st, 1922, and ending June 30th, 1922, is not sufficient by a levy of five mills to create a fund sufficient to provide the funds that will be required to be raised by taxation for the support and maintenance of the schools controlled by said Board of Education for the said fiscal year; and,
Whereas, it has been determined with an additional levy of 10 mills will be required for such support and maintenance;
Now, therefore,
Be it resolved, by said Board of Education that a special election be called for the purpose of submitting to the qualified voters of said school district, comprising said city and territory annexed thereto for school purposes, the question of increasing the levy of said school district in the amount and for the purposes as above set forth.

o'clock, a. m., and closed at 7 o'clock, p. m.
The number and location of the polling places shall be as follows:
First Ward—City Hall, Police Court Room.
Second Ward—Sudden Service Garage 113 North Broadway.
Third Ward—Holly Drug Store (Old Stand) Main and Townsend.
Fourth Ward—Ada Marble and Granite Works, 217 W. Twelfth St.
All voters residing outside of the city limits of said city of Ada, State of Oklahoma, and within the territory annexed to this said city for school purposes may vote at the City Hall, Police Court Room.
Said election to be conducted in all wards by the regular precinct election officers.
Witness my hand as president of said Board of Education affixed in the City of Ada, in the State of Oklahoma, this 20th day of March, A. D., 1922.
L. T. WALTERS,
President Board of Education of the City of Ada, of the State of Oklahoma.
Attest:
MABEL BROWALL, Clerk.

Proclamation for Special School Election.
By virtue of the authority vested in me by the Charter of the City of Ada, and amendment thereto, adopted at an election held upon the 17th day of March, 1914, and in pursuance to a resolution passed by the Board of Education of the City of Ada, State of Oklahoma, at a meeting held on the 20th day of March, 1922, I hereby call a special election to be held in said school district, comprising said city and the territory annexed thereto for school purposes on the 4th day of April, A. D., 1922, for the purpose of submitting to the qualified electors of said school district the following proposition:
Shall the levy for the fiscal year beginning July 1, 1922 and ending June 30, 1923, for the support and maintenance of the schools under the supervision of the Board of Education of the city of Ada, State of Oklahoma, be increased, for the fiscal year aforesaid, above five (5) mills by the amount of ten (10) mills, so as to meet the estimate for said fiscal year and approved?
Said election to be held under the regulations of the Pontotoc County election board according to the provisions of the state election laws and the charter of the City of Ada, Oklahoma.
The designation, number and location of the various polling places shall be, as follows:
First Ward—City Hall, Police Court Room.
Second Ward—Sudden Service Garage, 113 North Broadway.
Third Ward—Holly Drug Store (old stand) Main and Townsend.
Fourth Ward—Ada Marble and Granite Works, 217 W. Twelfth St.
All voters residing outside of the city limits of said city of Ada, State of Oklahoma, and within the territory annexed to this said city for school purposes may vote at City Hall, Police Court room.
The polls to be opened at 6 o'clock a. m., and remain open until 7 o'clock p. m. The regularly constituted and authorized election officers shall be provided for and designated by the County Election Board of Pontotoc county, State of Oklahoma, will be in charge of said election at said polling places.
Done this 21st day of March, A. D., 1922.
GARY KITCHENS,
Mayor and Commissioner of Public Justice and Safety of the City of Ada, Oklahoma. 3-21-4td

CIRCUS BEASTS HAVE REASONS

(Continued from Page One)
jumping at. His keenness of ear and sureness of muscle are the greatest factors of his life and he uses them to best advantage. He is not as fearless as the lion, and does not attack as large animals as does the lion.
A hyena is the most despised of all beasts. He is also the most ferocious. Of the entire list of animals, none are as sneaking, low down or lazy as the hyena. He is the scavenger of the jungle. Following the lion about, eating what he leaves, preying on everything helpless and ever sneaking out of danger, he does not have a friend among all animals. Nor does he even "get along" with the members of his own pack. He would as soon eat his brother as a deer carcass, provided someone was kind enough to kill the brother.
Mr. Newton stated that in all his dealings with animals he had never known a bear to hibernate. He said bears he had known never went in sleeping quarters to stay for months "sneaking their paws."

Food in Humps.
Camels are the only animals adapted to the desert. This being their home, nature equipped the beasts with ample store houses for the long trips across dry, hot sandy stretches of waste. Most people know that camels have five stomachs in which to store water while on the desert trips, but few know that the humps on a camel's back are the places where he stores food. For, Mr. Newton pointed out, a camel needs something to eat as well as drink while on long journeys. Few camels can go longer than 12 days without drink, he said.

A young bald eagle, better known as the American eagle, has been added to Mr. Newton's collection of birds and animals. Newton explained why the youngster was not bald-headed, although belonging to that species. Eagles do not become bald until they are two years of age, he said. They lose their head covering for the same reason a man does—old age.

Animals while living wild will be found only in localities where the foliage matches the color of their skin. The black leopard of Syria is found where the black foliage of the tropical country helps conceal his shiny pelt from the eyes of the enemy. Lions and other members of the cat family are found in places where tall brown grass hide them. White bears are found in the frozen north, where the white snow matches their color. It is the same with the brown bear, who lives in underbrush where his brown is hidden by the color of trees.
A monkey is like a mischievous child. Ever curious, he finds his greatest delight in eating and teasing. With a full stomach, he can spend the day teasing some other animal about camp. The meaner he can get the better he likes the fun.

DALLAS COPS MAY LOSE THEIR JOBS

One Fired, Two Suspended, in Probe of Whipping Mar. 5 of Rothblum.

DALLAS, Mar. 23.—Police Sergeant Louis Spencer and Patrolman Paul Adair, were suspended from duty, and Patrolman J. J. Crawford, was dismissed from the Dallas police force today following a conference between city officials in connection with the recent flogging of Philip Rothblum and Frank Etheridge. District Attorney Maury Hughes announced arrests would be made in some connection.

Charges of aggravated assaults upon Rothblum were filed in district court against J. J. Crawford by Will Moffett, captain of detectives.
Action against the police officials was decided upon at a conference, between Mayor F. R. Aldredge and Police Commissioner Louis Turley and a number of detectives. The mayor who has taken personal charge of the investigation into the flogging recently declared them to be a disgrace to the city and said they would be stopped.
Rothblum was seized in his home on the night of March 5, taken to an isolated spot and whipped by unmasked men. Similar action was taken against Etheridge, last Monday night. Etheridge told officers his assailants informed him he was the sixty-third man flogged here recently.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application enhances its appearance a hundredfold.
Don't bother to prepare the mixture, you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's Sage and Sulphur Compound" now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.—Adv.

GOOD SOAP FOR LESS THAN TWO CENTS A POUND

Make It At Home By This Easy Process—Takes Less Than 30 Minutes.

Nowadays, more and more women are doing as their mothers did and are making their own soap. If you have never tried it, you will be surprised to see how easy it is to make good soap, soft soap, hard soap or floating soap, just by using kitchen scraps and waste grease together with a can of Merry War Lye, the safe and sure soapmaker.

In the old days when soap was made by the boiling process it took nearly all day to make a kettle of soap. Now it is hardly any work at all—requires no boiling—takes less than 30 minutes. Saves you money and gives you all

the pure, clean soap you need for kitchen, laundry and all household purposes.
You will find simple directions for soapmaking on the label of every can of Merry War Lye—also many other recipes such as how to make lye hominy, how to soften water, how to make clothes washing easy, how to brighten cooking utensils, etc.
Merry War Powdered Lye is also a wonderful cleanser and purifier for use about the home, barn, chicken house and outhouses. Comes in a convenient can with revolving sifting top that cannot come off, cannot get lost, recloses tightly and preserves contents. It is economical to buy and easy to use.
Ask your dealer for Merry War Lye—be sure you get "Merry War"—the lye that has made good for 33 years.

MERRY WAR LYE
"Makes Mighty Good Soap"

Columbus depended on chance—but times have changed

THE stranger who traveled from New York to Fort Worth was told that there was as much country on ahead as there was behind.

"I don't wonder Columbus hit America in the dark," he said. "Big as it is, it would have been a wonder if he missed it."

But modern methods make sure where they are going. That way it saves time, trouble,

money—and disappointment.

The housewife who wants Post Toasties for the family—as most housewives in the Southwest do—need not depend on chance, nor risk the disappointment of imitations.

There's a simple and easy way to make sure of having those wonderfully crisp, flaky, thick flakes which everybody recognizes as superior.

Look for the YELLOW and RED package and say the name—

Post Toasties

Speedy High School Team Wins Over Cement Cagers

HARNESS RACING SEASON IS LAID

Circuit Representatives In Annual Meet Today To Book Dates.

CLEVELAND, O., Jan. 10.—The harness horse racing season for 1922 will be laid here today and tomorrow when stewards and representatives of the Grand and Lake Erie circuits hold their annual meetings and assign dates, upon which other harness racing dates throughout the country are based. The Grand Circuit meeting opened Monday and continued Tuesday. The schedules and rules committee met Monday afternoon with the annual dinner in the evening. Tuesday's program as mapped out by Secretary Win H. Kinnam, called for an open meeting in the morning, to which all horsemen are invited and an executive meeting of the stewards in the afternoon at which action will be taken on rules and schedules.

The Lake Erie officials, controlling the half-mile tracks, will meet on Wednesday.

One of the principal questions facing the Grand Circuit stewards is whether dates will be assigned to the Kenilworth track at Windsor, Ont., across the river from Detroit. President Samuel McBride of that track, has signified his intention of applying for membership with a view to holding a meeting during the two weeks preceding the North Randall meeting.

Under the Canadian law it is possible only to race three days a week, and in order for a six-day meet to be held at the Kenilworth track it is necessary to race in two different weeks.

However, the management of the North Randall track here is reticent about relinquishing the opening of the Grand Circuit. They point to the fact that they took the opening dates several years ago when no other track wanted them and since then has built up its open meeting second to none in the circuit.

If Lexington decides to substitute a six day meeting for the two-weeks gathering it has held for many years, as has been reported this must also come before the stewards. Such action by Lexington would leave a week open between the Lexington and Atlanta meetings.

The addition of Kenilworth would give the Grand Circuit twelve tracks. Present members are North Randall, Toledo, Columbus, Kalamazoo, Lexington, Atlanta, Philadelphia, Poughkeepsie, Syracuse, Hartford and Readville.

Kenilworth had been a member until a few years ago. If dates are received the \$10,000 Merchants and Manufacturers take one of the outstanding features of the circuit until racing was abandoned at Kenilworth, will be reviewed, it is announced by President McBride.

DURANT MAKING BID FOR BASKETBALL TITLE

DURANT, Jan. 10.—(Special)—In compliance with the expectations of their coach and as an agreeable surprise to most of their supporters Durant high school team added another laurel to the more easily acquired one they took from Crowder, when they went to Tishomingo and Ardmore Friday and Saturday of last week.

Due to the loss of a few men from the regular team of last year it seems to be the general opinion of most of the Durant "critics" that never again in the history of the world will D. H. S. ever support a winning team.

BY NORMAN E. BROWN

Outplayed His Manager.
That's what Ed Uyna, rookie infielder signed by the Cleveland Indians, did to win his first professional berth.

Uyna probably will be farmed out after a training trip trial, but he has the making of a star, Cleveland scouts believe.

Uyna got his baseball start in the navy. Joined it when he was sixteen.

He played the infield with the team of the battleship Arkansas and liked the game so well he decided to stick to it. He signed with Des Moines in the Western league last year. He had been playing third-in the navy. Manager Coffey kept him on the bench until Coffey's illness forced him to leave the lineup. Then he put Uyna in his place at second. Uyna played the sack so well Coffey didn't have the heart to bench him.

Young Ed batted .325 and fielded brilliantly. He is only twenty-two and his service in the navy gave him a splendid constitution. He is married, too.

Incidentally, Manager Coffey got the bounce.

FIRE RUINS BUSINESS SECTION OF GROVE, OKLA.

(By the Associated Press)
GROVE, Okla., Jan. 10.—Damage estimated at \$50,000 was caused last night when fire wiped out five business buildings in the main part of the city. The heaviest loss was sustained by the Holland Christian Hardware and Grocery company in whose place of business the fire was discovered about 11 o'clock.

SOONERS DOCTOR DEFECTS PROVED IN FIRST GAME

NORMAN, Jan. 10.—(Special) With the first conference game of the season added to the victory side of the column by a score of 30 to 20 over Grinnell, the University of Oklahoma basketball squad settled down to correct the defects that this game brought out before the Sooners meet Drake here Wednesday, January 11, and Ames here, Saturday, January 14.

The Sooner floor work was fast but showed ragged teamwork, difficulty in advancing the ball through the Grinnell defense and the goal shooting was extremely inaccurate. Coach Hugh V. McDermott has instituted a system of checks on the cagers during the workout, checking the number of accurate and inaccurate shots taken at the goal during the practice in order to teach the athletes to always be at their best.

The largest crowd that ever attended a basketball game at Oklahoma turned out for the Grinnell game and for the first time in the history of Sooner basketball, a game paid for itself. Ben G. Owen, director of Sooner athletics, has thrown open to the Sooner student body the right of ballot for their choice of an all-Valley honor team at the end of the season in order to stimulate interest in the winter sport. This action was made possible by the 1922 schedule which provides for the conference to play one game at Norman.

E. C. Quigley will referee the Drake game Wednesday. Quigley is well known at Oklahoma. It has been said that the Sooner spectators at a game enjoy watching the veteran official work equally as much as the athletes and especially is this true in basketball since the crowd is close enough to hear and closely follow Quigley.

Chickasha Girl Is Elected May Queen At O. U. This Year

NORMAN, Jan. 9.—(Special)—Lucile Westfall, Chickasha, senior in the college of arts and science, was declared the University of Oklahoma's 1922 May Queen, by default of her opponent, Dorine Guthrie, Norman, according to action of the student council Thursday night. Miss Westfall and Miss Guthrie were the only candidates on the ballot for the May Queen honor. The election was to have taken place Tuesday, January 10, the time of the mid-year Sooner student election but because of illness of Miss Guthrie during the last semester and her consequent failure in part of her scholastic work, she was declared ineligible to run for the honor by the university eligibility committee.

Miss Westfall is president of Zeta-alpha literary society, member of Alpha Chi Omega, national social sorority, Alpha Chi Omega's Pan Hellenic representative, and extremely active in all student affairs.

Detroit League Club To Train This Year On Augusta Field

DETROIT, Jan. 10.—The Detroit American League baseball club probably will train this year at Augusta, Georgia, Frank J. Navin, president of the organization announces. Manager Ty Cobb now is in Augusta seeking to arrange for housing facilities and expects to conclude negotiations soon, it was stated.

Augusta was chosen some time ago but the hotel in which the Tigers expected to stop was burned. For a time it appeared that some other training ground might be selected. Whether the Detroiters will make their homes in private residences has not been decided.

The Rochester and Columbus clubs are to train in the immediate vicinity of Augusta and will provide practice games with the Detroit club if Cobb selects the Georgia city.

C. of E. May Kose Grid Captain

EMPORIA, Kan., Jan. 10.—College of Emporia probably will lose its football captain-elect, Ralph "Bud" Wildick, who has been offered a scholarship in Harvard and probably will accept. He is a sophomore, and lives in Emporia.

Potts Named Grid Captain For Ada High 1922 Squad

FRANK POTTS, halfback and two season man with Ada high school gridiron squad, was elected football captain for 1922 at a meeting of all A. H. S. letter men yesterday.

Ada high starts next fall her first year of football in the new Southern Oklahoma Conference, consisting of eight of the strongest teams in the state. Under Potts' direction, a new chapter is expected to be written in local sport history and the near all-victorious record that Coach C. R. Cox's men established last season is expected to blossom into full-blown championship next year.

Potts is also a basketball veteran who is considered a formidable man both in football togs and on the basketball court. He is a leader in other lines of student activity at the high school and is president of his class at the Methodist Sunday school. He is a junior in Ada high and will play his last year with the local team next season. Potts is center on the basketball team.

Cunning Is Popular Mañ.

Charles Cuning, fullback and captain of Ada high school football team last season, was unanimously chosen by his teammates in the meeting yesterday for the sweater offered by the Model Clothing company for the high school grid star most popular with his fellows. The sweater, which is made to measure contains three service stripes. Cuning is 18 years old and is a senior. He is also a basketball letter man, playing guard with Coach Cox's team this year. "Chuck" led last season one of the most capable gridiron machines the local high school has ever produced and his generalship will be missed in the conference race next year.

Drake Relays To Be Sport Leader

Western Schools Pledge Strong Backing For April Event.

DES MOINES, Ia., Jan. 10.—A track relay meet that will compare favorably with any other similar event in the country is the aim of Drake University athletic officials, who have this year obtained wide co-operation from western track coaches in developing plans for the 1922 Drake Relays in April.

Kenneth L. Wilson, athletic director of Drake University, has the backing of all Western Conference schools in his venture and is enthusiastic over the prospects of making the local meet the stellar track and field attraction of the entire country.

Despite the fact that the local relay will be held on the same date as the University of Pennsylvania meet, Drake has received the unanimous backing of Big Ten schools. Heretofore the Drake relays always have been held the week before the Penn meet.

Co-operation Asked.

Athletic Director Tom Jones of the University of Wisconsin and Harry Gill of Illinois assisted Wilson in lining up the other western conference coaches to support the Drake relay. In addition to the

representatives from the 'Big Ten' the coaches of the Illinois conference and Coach Kentu Roekne of Notre Dame have agreed to support the Drake relay carnival. A representative of one of the Southern conference schools also have stated that several Dixie universities would send athletes here. Efforts also will be made to interest some of the Pacific coast schools, such as California, Southern California, Stanford and Washington State.

That the coming meet may be a success, and satisfy the visiting coaches, Coach Wilson is planning to enlarge the meet to include several special events. Heretofore, there have been only one or two special events aside from the relay races.

Watches will be given to the winning athletes. Some of the probable specials will be the 400-yard low hurdles, hop step and jump, javelin throw, 100-yard dash, 220-yard dash and possibly the 120-yard and 220-yard low hurdles.

The addition of these events probably will mean that the meet will extend over two days instead of one as heretofore, with preliminaries on Friday afternoon and the relay races and finals in the special events on Saturday. It also will mean that many of the relay races will be run in two sections.

NEWKIRK SEEKS NORTH STATE CHAMPIONSHIP

NEWKIRK, Jan. 10.—Newkirk has strengthened a successful beginning toward the championship of the Northern Oklahoma Basketball league by annexing a game with Pawnee High School, 29 to 18. Timbers starred for Newkirk at forward. This shift forward rolled up his usual big score, registering high point man, Ramsey, tall center, also did noteworthy floorwork.

GIANTS GOT BETTER OF LATEST TRADE, BUT HOW LONG WILL IT HELP CHAMPS?

Catcher Mike Gonzales, left; Outfielder George Burns, right, and Heinie Groh, below.

The winter stove league is busily discussing the latest baseball trade whereby the Giants obtained Heinie Groh for Outfielder George Burns and Catcher Mike Gonzales. On the face of things the Giants seem to have the edge in the trade. They need Heinie Groh in their infield. He is one of the game's greatest infielders and a .300 hitter. George Burns, long ranked as one of the league's outstanding stars, is old. Mike Gonzales is only a fair catcher. But Heinie himself is no longer a spring chicken. How long will he hold the pace with the speedy Giants?

YOUNGSTERS GET ENDURANCE TEST

Coach Cox's Men Demonstrate Advantage of Daily Training Period.

Monday night was a good one for Ada high school as the fast little basketball squad of that school showed sport fans of the city they were still in the fight for league honors by defeating the Cement Plant team in the College gym. The High School has won only two games in the city league, both being from the Cement Plant. A new lineup used by the school was effective.

The first half was an oddless fight, both teams working for an advantage but failing to get it. At the end of the first half the score stood 11 to 10 for the High School. In the last half, fighting became stiffer but it was not until the last five minutes that the high school gained a good lead. No change was made in either lineup during the game. Daily practices of the high school gave them advantage in endurance.

After their gain in the first ten minutes of the last half, the high school ran up a larger score on the cement plant than they had made in any previous game. The final score was 31 to 19. Potts started the fun in the last half when he looped four good field goals. Rayburn was given several good chances, and when he lost on a long shot he generally managed to follow it up for a score from under the goal. Wisley fed the ball to Potts and Rayburn, while Cuning and Molloy at guards kept the ball for the most part out of dangerous territory.

Cement Forwards Baffled.
Smith and K. Hensley were smothered by the high school guards, but at intervals they broke away and played good ball. Kerr was not in his usual form, and several of his attempts at goal failed. His work at center was good. Rogers and Riddle kept up a running fight for the thirty minutes duration of the game and many times blocked the high school men.

Thompson Coaches Men.
In the Teachers-News exhibition game Thompson was given a chance to coach his men for coming conference tilts this week. Although his men defeated the News, they were given a good roughing up and were allowed themselves to do a little roughing. Only ten points were made in the first half. The score in this game was 32 to 13. Bentley lost several good chances in the first half and not until the last few minutes of the second half did he get to putting the ball through the goal.

In a report of last Friday night's games, an error was made in the summary of the Teachers-Business College game. Little, college center, set a new record for high scoring by field goals in this game when he netted eleven. By a typographical error it was stated that he made 1 field goal.

TEAM THAT GOES TO JAPAN NEEDS MUCH TRAINING
CHICAGO, JAN. 9.—The University of Chicago track team, which will go to Japan this spring, will get better than the team of 1921, needs much practice.

The outstanding star of the team is Captain Redmon, winner of the "C" in football, who will be a point winner in the shotput. The hurdles race next in their ability to win points with Brickman, Jones and Hass. A number of new sprinters are jogging daily and one of these may prove the man the Maroon team aggregation has stood in need of for a number of years.

Among the available sprinters are Pryot, Bates, Brickman and Jones. The last two with Hass, also are trying the broad jumps, Brickman, Swett, Roberts, Carter and Shorey, half milers, have been practicing for the relay.

Tom Eck, assistant director of athletics and coach of the track teams, believes that the material he has will whip into fine shape before the dash across the Pacific. A number of the veterans, while in school, have not as yet turned out. Upon their coming, the team will be notably improved, the critics believe.

STADIUM ARCH IS TO BE MEMORIAL OF 1922 SOONERS

NORMAN, Jan. 9.—(Special)—The senior class of the University of Oklahoma has voted on itself \$2,000 for the construction of an arch entrance to the proposed \$500,000 athletic stadium on Owen field for Soonerland. The arch will be a memorial to the class of 1922.

It is proposed to construct the arch out of white stone and red brick, Sooner colors, at the corner of Jenkins avenue and Brooks street, the main entrance to the stadium as it is now proposed. The arch will contain an automatic turnstile for keeping count of all who enter the gates to the stadium.

Every graduating class of the university has left a memorial. The class of '06 left a large stone embedded in the ground on the west side of the oval, one class left a sun-dial, the class of '15 constructed the double arches on University boulevard at the entrance to the oval, and the class of '20 placed double arches at the campus entrance on Asp avenue.

Some phosphorescent deep sea fish catch their prey by means of the lights from their glowing fins.

"Zip" Hauser.

"Zip" Hauser, first baseman with the Milwaukee A. A. team last season, will report to Connie Mack at training camp next spring and try his hardest to land the first base job. Zip is a product of the Milwaukee sandlots and played the outfield two years for the Browns before becoming a first baseman.
